

Journal of Information & Optimization Sciences

A Journal Devoted to Advances in Information Sciences,
Optimization Sciences and Related Aspects

VOLUME 25

NUMBER 2

MAY 2004

ISSN 0252-2667

CONTENTS

J. W. WU, W. L. HUNG AND C. Y. CHEN : Approximate MLE of the scale parameter of the truncated Rayleigh distribution under the first failure-censored data	221–235
H. J. CHANG, C. H. HUNG AND C. Y. DYE : An inventory model for deteriorating items with stock-dependent demand and time-value of money when credit period is provided	237–254
T. NAKAI : Bargaining game with asymmetric information about a bargaining power	255–269
A. PERETTI : A gradient-like method for quasidifferentiable optimization	271–286
C. SINGH AND R. PINI : G -monotonicity and G -convexity	287–301
C. C. HUANG, S. S. YU AND Y. K. ZHAO : Prefix Primitive Languages	303–316
H. RAU, M. Y. WU AND H. M. WEE : Determining the optimal policy between stockout and replenishment for deteriorating item in the integrated inventory model	317–329
C. H. WANG, D. L. YANG, T. H. WU, W. H. KUO AND N. H. SHIH : Impact of inspection errors on the lot size problem	331–348
C. I. LIN, W. P. SUNG AND K. S. CHEN : Study on management method for fireproof duration of constructional material	349–360
J. C. TSOU AND J. M. CHEN : Covisint – reputation regarding on-line auction in the automotive industry	361–372
T. NAKAI : Selection of a desirable equilibrium by subjective motive distributions	373–383
C. H. HSU AND C. C. CHIU : A genetic algorithm for reliability-oriented task assignment in a distributed system	385–401
M. H. SHU : Manufacturing capability information for multiple product quality characteristics : a case study to precision voltage reference	403–420
Book Review	421
