

Journal of Information & Optimization Sciences

A Journal Devoted to Advances in Information Sciences,
Optimization Sciences and Related Aspects

VOLUME 26 NUMBER 2 MAY 2005 ISSN 0252-2667

CONTENTS

C. Y. HUNG, T. TANG, D., M. H. HUANG, P. S. DENG, R. H. J. LIN AND P. CHU : Analytic inventory model with a mixture of back orders and lost sales	247–259
T. TANAKA : Triangular function and continuity property of multiparameter optimal stopping value	261–278
T. TANAKA : Nested variational inequalities and related optimal multiple starting-stopping problems for symmetric Markov processes	279–289
M. GAETA, P. GIORDANO AND G. IOVANE : An optimization technique for image compression	291–309
Y. F. HUANG : An EOQ model under supplier trade credit policy depending on the order quantity	311–326
T. S. LAN AND L. J. YEH : An experimental approach of optimum material removal rate under fixed tool life	327–342
D. M. TSAI AND E. J. WANG : Application of fuzzy multiple goal programming on the selection for power plants considering site and environmental constraints	343–361
P. H. HSU AND H. M. WEE : A note on the financial distance in modern supply chains	363–369
I. M. WANG, C. J. SHIEH AND J. HSIAO : The relationship between service quality, customer satisfaction and customer loyalty: a study on the management consulting industry	371–384
I. M. WANG, J. HSIAO AND C. J. SHIEH : Study of consumers' purchase behaviors for canned coffee	385–400
T. M. CHEN AND K. S. YEUNG : Left and right matrix fraction description conversion by solving a square non-singular system of linear equations	401–414
R. I. BOŢ, S. M. GRAD AND G. WANKA : Duality for optimization problems with entropy-like objective functions	415–441
J. BOSGIRAUD : Nonstandard chi-squared test	443–470
