

Journal of Information & Optimization Sciences

VOLUME 30 (2009), NUMBER 3, MAY

Special Issue on

Industrial Globalization and Technological Innovation

CONTENTS

- W. S. FAN AND C. C. LU
An exploratory study of the impact of campaign marketing strategy on voting behavior — a contingency approach 397–415
- W. D. CHEN, C. T. HSIAO, J. S. LIN AND L. Y. C. HSIAO
Testing mis-specification of the stochastic frontier model with a random effects panel data model 417–430
- T. J. CHANG AND S. P. YEH
The effects of market orientation on customer knowledge development: comparison of R&D and marketing 431–446
- H. M. KUO, H. H. FU AND C. H. HSU
Exploring the difficulties of Internet shopping behavior between the elderly and young consumers 447–462
- K. H. YU, C. H. HO AND Y. D. LEE
Mapping the intellectual structure of contemporary business ethics research 463–480
- M. S. LIU AND S. D. WU
Service quality of student dorms using a refined Kano 2D model: a case study of a National Hospitality College in Southern Taiwan 481–502
- C. H. HO AND S. W. HSIEH
Prediction of software reliability by support vector regression with genetic algorithms 503–523
- S. W. HSIEH, N. S. CHEN AND KINSHUK
Using mathematical model and empirical study to compare the face-to-face interaction between the physical and cyber environments 525–551

S. W. HSIEH AND C. H. HO	
Fitness effects of STM ability and advertisement representation type on the m-commerce environment	553–569
C. L. HSIEH	
Multi-agent decision system for solving dynamic location in manufacturing cells	571–590
Q. ZHOU	
Empirical research on the contribution of advanced education to economic growth velocity of Jiangsu province	591–599
Y. PEI	
Local governmental pre-alarm system of debt risk: a frame design	601–618
D. JIANG AND H. CHEN	
System quality, promotion incentive mechanism and local government behaviour: a micro-interpretation on market segmentation in China	619–630
