Journal of Information & Optimization Sciences

A Journal Devoted to Advances in Information Sciences,
Optimization Sciences and Related Aspects

VOLUME 30 NUMBER 5 SEPTEMBER 2009 ISSN 0252-2667

CONTENTS

Y. C. TSAO : Continuous review inventory system under advance sales discount, partial backordering and trade credits	869–886
P. T. ARTIKIS AND C. T. ARTIKIS : Discounted minimum of a random number of random variables in replacement of computer systems	887–897
H. C. CHANG, G. L. HUANG AND C. H. YU : The relationship between lending screening signal and operational performance of borrowing company	899–923
C. C. CHOU : An evaluation of the service performances of container ports	925–933
C. H. LEE, M. J. WEN AND Y. T. CHEN : Comparison of two election prediction models: an empirical analysis of Taiwan election survey data	935–959
K. J. CHUNG AND S. D. LIN : The convexities of the total annual cost functions of the inventory models with linear and fixed backorder costs	961–967
H. C. LIAO AND H. H. CHANG : Using DEA's multi-choice method to reach multi-response optimization in Taguchi's problem	969–993
H. W. CHENG : An improvement in possibilistic linear programming approach for imprecise production/transportation planning decisions	995–1017
Y. C. WENG : Research on the influencing factors of the R&D input of oligopoly firms	1019–1033
Y. C. WENG : Research on the privatization policy-taking the mixed duopoly industry as the example	1035–1044
T. NAKAI : Fuzzy subjective conflict analysis	1045–1057
C. C. CHEN AND H. C. TANG : Full period of a multiple recursive random number generator with generalized Mersenne prime number	1059–1065
H. SHIMADA AND T. NAKAI : Influences of social motives in an information operation game	1067–1080
